Week One and Two: June 27- July1 July4-July 8	Calling all artists and nature lovers! During these two weeks we will use nature as our inspiration to create a variety of mixed-medium projects. We will use clay, chalk, paint, wood, stone, plants, and natural fibers. Expect plenty of nature walks and hikes to gain inspiration.
Week Three and Four: July 11-15 July 18-22	During this session children can experience the full cycle of our working farm. Whether you are interested in tilling the soil, learning about various species, or concocting new recipes, this session has something for you. Activities include farming, gardening, animal care, baking, cooking, and art.
Week Five and Six: July 25-29 August 1-5	Join us for a session of dramatic expression and physical movement. Activities may include jester arts, group games, drama, skit writing, dancing, music, and comedy. Whatever your talent, there is time to share it with us. Friends and family are welcome at our end of summer talent show.

Those who wish to do both weeks of a theme will have the opportunity to deepen their work and take on more complicated projects.

This year's Summer Program activities are fun, age-appropriate Waldorf-based projects related to themes.

<i>Entering Kindergarten – entering First Grade</i>	Lovingly held in an environment of play and discovery, our youngest participants enjoy stories, songs, simple arts and crafts, water play, nature walks, and visits to the farm. Daily routine includes both physical activities and time for rest.
<i>Entering Second Grade – entering Third Grade</i>	These children will have days filled with exploration within a nourishing routine. There will be opportunities for crafting, art, nature walks, games, gardening, singing, caring for animals, story telling, and imaginative play with new friends.
<i>Entering Fourth Grade – entering Sixth Grade</i>	This group enjoys more choices and complexity in their day. In addition to a healthy daily rhythm we offer a

	variety of electives, including painting, ceramics, cooking, archery, building, athletics, drama, and more!
<i>Entering Seventh Grade – entering Eighth Grade</i>	Our oldest group enjoys more challenge and responsibility. Electives may include advanced art, rock climbing, biking, and water sports, and some may require an additional fee. This group may also choose to guide the younger children.
