

SACRAMENTO WALDORF SCHOOL

2017 SUMMER PROGRAM

Our Program

Come and join us for the 2017 Summer Program to explore nature, create art, play games, and make many new friends.

Experienced teachers and counselors nurture children through developmentally appropriate Waldorf influenced activities and rhythms. Children can explore our expansive campus, farm and the surrounding American River Parkway with their teachers.

Creative endeavors are offered during each session and may include painting, sculpture, building, handwork, cooking, and drama. Children will engage in games and physical activities everyday. Depending on their age group, children may experience group games, scavenger hunts, rock climbing, water play, team sports, archery, and nature walks. We welcome SWS and non-SWS students.

Registration options

Registration prices are per week.

You may register for one week or both weeks of a session.

3 day program 8am to 2pm: \$150

5 day program 8am to 2pm: \$225

Additional options per week:

3 day Extended Program 8am to 6pm: \$205

5 day Extended Program 8am to 6pm: \$325

Busy Bees

Entering Kindergarten-1st Grade

Lovingly held in an environment of play and discovery, our youngest participants enjoy stories, songs, simple arts and crafts, water play, nature walks, and visits to the farm. Daily routine includes both physical activities and time for rest.

Explorers

Entering 2nd-3rd Grades

These children will have days filled with exploration within a nourishing routine. There will be opportunities for crafting, art, walks, games, gardening, singing, caring for animals, story telling, and imaginative play with new friends.

Session 1: The Arts in Nature

Week 1: June 26-30

Week 2: July 3-7 (open July 4)

Calling all artists and nature lovers! During these weeks we will use nature as our inspiration to create a variety of mixed-medium projects. We will use clay, chalk, paint, paper, wood, stone, plants, and natural fibers. Expect plenty of nature walks and hikes to gain inspiration.

Session 2: Recipes for Fun

Week 3: July 10-14

Week 4: July 17-21

Whether you are interested in tilling the soil, learning about various species, or concocting new recipes, this session has something for you. Activities include farming, gardening, animal care, baking, cooking, and art. During this session children will experience our working farm.

Session 3: The World is Our Stage

Week 5: July 24-28

Week 6: July 31-Aug. 4

Join us for a session of dramatic expression and physical movement. Activities may include jester arts, group games, drama, skit writing, dancing, music, set making, puppets and comedy. Whatever your talent, there is time to share it with us. Friends and family are welcome at our end of summer talent show. We end the summer with a water slide and giant water fall.

Artisans

Entering 4th-6th Grades

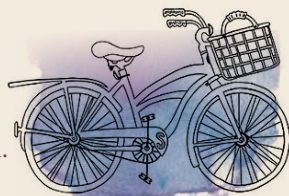

This group enjoys more choices and complexity in their day. In addition to a healthy daily rhythm we offer a variety of electives, including painting, ceramics, cooking, archery, building, athletics, drama, and more!

Trail Blazers

Entering 7th-8th Grades

Our oldest group enjoys more challenge and responsibility. Electives may include advanced art, rock climbing, biking and water sports and some may require an additional fee.

This group may also choose to guide the younger children.
