Due to the COVID virus health crisis, state and county health guidelines are continually being updated. We have created three possible scenarios for our Summer Program this year that will accommodate a change in plans, depending on what guidelines are in effect.

**Scenario 1: Shelter-in-Place Take-Home Activity Kits $120/week**
Take-home kits with materials and instructions, instructional videos, and social Zooms with show-and-tell to keep the children/adolescents connected.

**Scenario 2: Staggered/Hybrid Program - $180/week**
On-campus 2-3 days a week in small groups, each counselor responsible for a group of 10 children, rotating to activities led by a teacher (movement and games, walks, art, woodworking, farm, etc.). Take-home-kits for off-campus days. 8:00 am - 2:00 pm outside only (no extended care).

**Scenario 3: Five-Day in Person but Physically Distant Program - $235/week**
5-day program in small groups, counselors responsible for a group of 10 children, rotating to activities led by a teacher (movement and games, walks, art, woodworking, farm, etc.) 8:00 am - 2:00 pm outside only (no extended care).

For the first week of the Summer Program, we will let you know on Friday, June 26 by 9 am, which scenario will be used. We are hoping to let you know earlier. The deadline for receiving payment, to reserve your space, will be on Monday, June 29 at 5 pm, 7 days before your scheduled week. For the rest of the weeks, we will let you know by Friday, at 9 am, 10 days before, which scenario will be taking place and payment to reserve your spot will be due on the following Monday by 5pm.
